DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 3/17/04 has been entered.

Election/Restrictions

2. Newly submitted claims 31 and 32 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Inventions specified in claims 31-32 and 7-8, 19-22, 28-30 are related as combination and subcombination. Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the subcombination as claimed for patentability, and (2) that the subcombination has utility by itself or in other combinations (MPEP § 806.05(c)). In the instant case, the combination as claimed does not require the particulars of the subcombination as claimed because a recording/playback device does not require the particulars of header identification and transformation coefficients counting for patentability. The subcombination has separate utility such as generating and appending a header for each of the transport packets.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 31 and 32 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Priority

3. Acknowledgment is made of applicant's claim for foreign priority under 35 U.S.C. 119(a)-(d). The certified copy has been filed in parent Application No. 08/925,074, filed on 9/8/97. ***Claim Objections***

4. Claims 7 and 28 are objected to because of the following informalities:

a. claim 7, line 24, "said" should be changed to --the--;

b. claim 28, line 24, " a said" should be changed to --the--; and

line 29, "the" should be deleted.

Appropriate correction is required.

Allowable Subject Matter

5. Claims 7, 8, 19-22, and 28-30 are allowed.
